### Presidents Message

Well, a new year is here, and 2021 has flown by. Because we are on information overload, 2022 will be even busier, and the perception of not enough time-in-a-day will prevail. Let me begin by thanking every member of our Board and every member organization for your continued support of *The Presidents Club of Dayton* this past year. Maneuvering through the pandemic and the many obstacles it brought into our lives, our members were still interested in fulfilling our annual event schedules and obligations to the communities that we serve. We were successful in our endeavors, and I want to thank you again. "*Teamwork makes the dream work!*"

Do you make New Year's resolutions? I do not because I have never kept them. I do a business plan because I am a business owner, and I set goals for the year, but not personal resolutions. I learned that to accomplish any purpose, you must write it down. By that, I mean, be intentional with the date you want to meet that goal. The one thing I like to keep in mind is always having an "*attitude of gratitude*," remembering, "*but by the grace of God go I*."

Volunteerism is always a part of my yearly plan. I heard someone say that they are not enjoying their retirement. That is the perfect person to choose one of the many organizations that are members of *The Presidents Club of Dayton* and get involved. I recommended that person to our website and said, "read their mission statements and find a club that interests you and join." Encourage your friends and family to get involved in one of these extra-curricular activities. They do meaningful work in the community, these organizations are established, and everyone likes to make new friends and broaden their horizons. Here is a resolution we all can make, and strive towards, let us each bring 1 (one) new member into the organization(s) that we serve in 2022. Let us not allow these long-standing organizations to dwindle and disappear. They all serve a purpose, and our communities need them.

We are still fighting COVID-19 and the Omicron and Delta variants. Because the numbers projected for the month of January are so high (hospitalizations, sickness, and death), I am proposing that we meet on Zoom until further notice. Sharing bread together at our monthly meetings is fun, relaxing, and educational(interesting). However, right now, it is too risky to meet in person. Zoom has been an excellent platform for us to meet and share information. So, join us, we have a full agenda for our January meeting, and you will find it well worth your time. An Evite will be emailed with the Link to the Zoom meeting for your to RSVP. Hope to see you there.

We must be patient and do essential compliance (wearing masks, social distancing, washing our hands often, staying home if we are sick, and utilizing the vaccines). That is what we can do until all are vaccinated and this virus and or variant(s) are alleviated.

Put our monthly one-hour lunch meetings (the third Wednesday of every month) on your Calendar and listen to speakers who can bring informative material to share with your membership. Subscribe to our monthly newsletter and submit any flyers and information you would like to share in the newsletter to Tony Massoud before the first of every month. Email Tony at: [presidentsclubdayton@aol.com](mailto:presidentsclubdayton@aol.com)

Use our website to register your events and update your organization's information on our Calendar. We offer members the use of our Zoom account for virtual meetings also. Go to: [www.presidentsclubdayton.org](http://www.presidentsclubdayton.org).

### **Organization Speaker Programs - Community Information Leaders**

To support our PCoD members and the public, this section provides a list of area information leaders, whether they be not-for-profits; elected officials and/or specific topic experts. These individuals, if contacted, may make themselves available to speak at club meetings or extraordinary events and share important programs, projects, issues, or topics with audiences about our community and perhaps where additional volunteer leadership can play a key role in the success of these programs.

This list may change from time to time to keep it updated. But it is a great reference guide to many areas of arts, social services, business, government, and education in our community.

### Presidents Message

The Presidents Club of Dayton is bringing you an overly exciting topic this month. Our speaker will introduce us to "*Dayton Serves*." You will learn about the myriad of non-profit organizations that exist right here in Montgomery and surrounding counties. From interests in Animals, the Arts & Culture, Disaster Relief, the Environment, Health, Social Justice & Equality, Veterans & Military Families and so much more. There is amazing work being done in our back yards and Alan Schussheim will bring this exciting information.

I am proud and excited about February being *Black History Month*. This month is exciting to me because it gives all American's the opportunity to learn about the many contributions that Black Americans have made to benefit our everyday lives. The number of these inventions is so vast, and the significance so great, that I cannot put it all in one newsletter. Celebrate with all Americans! My own cousin, Garrett Morgan invented the Traffic Light. Here are a few unsexy, and uncelebrated, yet necessary inventions that you might not have known were invented by Black Americans.

- Moderna COVID-19 Vaccine 2020, Dr. Kizzmekia Corbett (1986-Present)
- Automatic Elevator Doors 1887, Alexander Miles (1838-1918)
- Improved the Ironing Board 1892, Sarah Boone (1832-1904)
- Refrigerated Trucks 1940, Frederick McKinley Jones (1893-1961)
- Three-Signal Traffic Light 1923, Garrett Morgan (1877-1963) He also upgraded the Sewing Machine and created the Gas Mask
- Central Heating Furnace Using Gas 1919, Alice H. Parker (1885-1920)
- Mailbox 1891, Philip B. Downing (1857-1934) invented the "street letter box," the predecessor of the mailboxes today
- Video Security System 1966, Marie Van Brittan Brown (1922-1999)

Outstanding is outstanding. People are people, and we all have a part to play in making our humanity great. Dig deep and learn more about the contributions of Black Americans and let us value all Americans.

We are still fighting COVID-19, the Omicron and Delta variants. Because the numbers projected for the month of February are so high (hospitalizations, sickness, and death) we will continue to meet on Zoom until further notice. Hopefully, we can break bread together next month. It might be too risky to meet in person at this time. Zoom has been a wonderful platform for us to meet and share information. ### Organization Speaker Programs - Community Information Leaders

To support our PCoD members and the public, this section provides a list of area information leaders, whether they be not-for-profits; elected officials and/or specific topic experts. These individuals, if contacted, may make themselves available to speak at club meetings or extraordinary events and share important programs, projects, issues, or topics with audiences about our community and perhaps where additional volunteer leadership can play a key role in the success of these programs.

This list may change from time to time to keep it updated. But it is a great reference guide to many areas of arts, social services, business, government, and education in our community.

## Presidents Message

We are servant-leaders in our communities. Let us take a moment to remember and pray for the people of Ukraine, whose Democratic country is being destroyed by a fascist, autocratic regime, Russia, and one man, Vladimir Putin.

Our organizations are not political, yet they are. Because we live in a Democracy, we are free to choose to serve in various organizations in which we have a personal interest.

Because we live in a Democracy, we can start non-profit organizations that serve an identifiable need in a community. Because we live in a Democracy, we are free to express differing opinions yet compromise hardline views and work together. Because we live in a Democracy, we can have fundraisers to support our interests. Because we live in a Democracy, we have free speech. Because we live in a Democracy, we plan for a promising future. Because we live in a Democracy, we do not serve a king/dictator. Because we live in a Democracy, we can believe what we see with our own eyes. Because we live in a Democracy, truth matters. Because we live in a Democracy, we all should have the right to vote. Let us pray for our own country that Democracy will prevail despite the number of people who want to restrict the right to vote, equal pay, the teaching of American history that generations of immigrants fought and worked to make this Democracy exist. Our Democracy is at stake, and America can quickly be drawn into a Civil War by evil men for their own narcissistic goals-Ukraine will look like a picnic. These issues transcend race, creed, or color, let us develop a mindset that is inclusive of all people. The current war illustrates that color, religion, status, means nothing if you are perceived as the enemy.

Throughout the month of March, Women are celebrated for the many achievements throughout history in art, athletics, business, government, philanthropy, humanities, science, and education. Celebrating Women's history traces back to 1911, when the first International Women's Day was celebrated in the United States. Over time, honoring women during the month of March became Women's History Week. In 1980, President

Jimmy Carter issued an official presidential proclamation that declared the week of March 8th as National Women's History Week. President Carter acknowledged the struggles of those who fought for equality-leaders like Sojourner Truth, Lucy Stone, Lucretia Mott, and Harriet Tubman. After being petitioned by the National Women's History Project in 1987, Congress passed an act declaring the entire month of March as Women's History Month.

Women have contributed so much to society. We have made great strides in reducing the gender equity gap. However, we still have some barriers to overcome to ensure equal economic opportunities, educational equity, women's health, and an end to gender-based violence. Celebrate the women who made a difference in your life and do research and learn about the women who have assisted our Democracy in sustaining itself.

## Hope Taft's bio:

*Hope Taft had the privilege of being First Lady of Ohio for 1999-2007. During that time, her passion for nature blossomed with the creation of the Heritage Garden at the Governor's Residence. It is the state's botanical garden of native plants arranged in areas reminiscent to their natural habitats. She leads a volunteer force of nearly 100 people from 13 counties to help maintain this oasis of native plants designed to encourage people to use Ohio natives in their own yards. She is a co-founder of Ohio Native Plant Month that will be celebrated for the first time in April 2020. A bill was passed by the State Legislature in 2019.*

*She is an honorary Master Gardener and an Ohio Certified Volunteer Naturalist and a trained instructor for the Landscape for Life program, a part of the SITES certification for land owners.*

*When the Taft's moved to Greene County, her love for conservation came to the fore. She co-founded the Little Miami River Kleeners and The Little Miami Watershed Network to help maintain the high quality of the Little Miami River through education, conservation, and sustainability. She recently helped to establish the Ohio Scenic Rivers Assn, a statewide effort to protect Ohio's most beautiful and healthy rivers.*

## Rebecca Victor's bio:

*Rebecca Victor is the Executive Director of Little Miami Watershed Network. She brings her experiences in business, marketing, organizational structure, and volunteerism to support the next phase of development for this expanding organization. She has always been a strong advocate for the environment, and her love for the Little Miami River began when as a young mother she wanted to introduce her two sons to the wonders of nature.*

Here is a brief description the talk. "Water, we drink it, cook with it, shower and clean with it, and play in it. We do not think twice because it is so abundant in our area which makes it difficult to realize that water could easily become a limited and scarce resource for us.

We at The Little Miami Watershed Network are focused on protecting the River by taking action, providing education and advocacy, and building community. We will share what we are doing, actions being taken that are impacting the River, as well as how communities located miles away impact it without even knowing they do. We encourage people to fall in love with the River and discover the economic value it holds."

Today, I sent two photographs from my series Wright Brothers: Then and Now to the [Dab Art Company gallery](#) in Los Angeles, California, to be part of the 8th Annual International Photography Exhibition; People Are Starting To Notice. The gallery said they received almost 1000 individual entries, but only 52 were selected. I was lucky to have two chosen, [Kite Flying](#) and [Horse Drawn Carriages](#). The photography show will be up in the gallery from February 26 to April 23. During the length of the show, I am offering a 10% discount on all photographs on my website, [ClearyFineArtPhoto.com](#). This will be 10% off my book Wright Brothers: Then and Now or any photography prints. You can see images from my new series [Latitude Longitude](#) on the site. Just put "10%" in the discount box as you check out. Remember this is only until the end of the show on April 23.

## History of Flight In Southern California

The Wright Brothers did not make it to California during their lifetime. However, a replica of their 1902 Glider, as seen in my photograph [View From The Top Of Big Kill Devil Hill](#), is at the California Science Center. Very soon after the Wright Brothers became famous for their discovery of lighter-than-air-controlled flight, southern California became an entrepreneurial hub for flight. The Los Angeles International Air Meet was held in January 1910 at Dominguez Field. Many famous people took their first flight at this event, including Hurst. Cal Rodgers left New York City on September 17, 1911, in a Wright Flyer B and landed in Pasadena on November 5, completing the first U.S. transcontinental flight. The first municipal flight school and the first municipal airfield were located in Long Beach, California, in 1919. Southern California was also the home of Douglas Aircraft Company, Lockheed Aircraft Company, and the Hughes Aircraft Company, to name a few.

**THE DAYTON PRESIDENT'S CLUB NEEDS YOU!** We are the premier club that has been in existence since 1932. We exist because of you, the Presidents of our local civic and non-profit organizations. We have a luncheon once a month designed to bring educational, instructional, interesting, and fun information that you can share with your members. Our speakers are willing to be a part of your own programming and planning for your organization.

Recognition is the greatest form of flattery and the best incentive to increase membership and to have more people actively execute the vision and mission of your organization, we are here, the Presidents Club of Dayton, to shine a light on the splendid work of your club and your volunteer servant leaders.

We have 3 remarkable events held annually:

We are into the fourth month of the year. Locally and in the United States of America, April is *National Arab American Heritage Month*. We are celebrating with our member organization the Dayton Arab American Forum.

Since the late 1800's, Arab Americans have contributed to the industrial, farming and merchant industries in the United States. In recent decades they have excelled in politics, academia, innovation, and technology.

There is so much diversity in our community, which is why so many people gravitate towards Dayton and the surrounding communities. We celebrate and respect the distinct cultures that make our environment unique, educational, and fun.

Remember, we are all one humanity, and in our community, we share love and excitement for our differences. If you are a "foodie" like me and my family, the love of Tabouleh, Hummus, Moutabal a Middle East Dessert/Baba

### **Ray Mueller**

From an early age, I began to develop a sincere appreciation for the inherent beauty and significance of nature. Pursuing a path to fulfill my desire for self-expression of our natural surroundings was put on hold for over 33 years while I served in the United States Air Force. Shortly after settling in Dayton, Ohio, in 1991, and before retiring, I attended an adult education photography class. My passions rekindled; I had finally found a way to express my inner self. It has become a passion and labor of

love.

My work is focused on the premise that all art is self-portraiture hence the quietness, solitude, and uncluttered look of my photography. I prefer to photograph down to earth everyday subjects in an effort to bring to the viewer an awareness of the wonderment and surprises of Mother Nature, the awesome beauty and spirituality that thrives in the natural world we take for granted every day. This includes a remembrance of a nostalgic occasion from another time and place or a contemporary moment. To walk in a forest of early morning fog or frost, witness a sunrise or sunset colored with a rich palette,

smell the nectar of a myriad of flowers, see, hear, and listen, is to embrace life itself. Each photograph should stand on its own merit and tell a story. A really good photograph should create “visual music” through interpretation and emotional attachment.

I learned the “old fashioned” way starting with manual cameras, lenses, and a light meter. I had my own darkroom and the process of taking a photo, developing the negative, and printing, allowed me to practice and fine tune my photographic skills and understand the importance of light in producing quality images. Flower and landscape photography consumed most of my time in the early years.

The transition to wildlife photography, particularly birds, was a natural progression for me since I flew a variety of aircraft for over 26 years. It required a different approach using digital equipment and some new learning. I needed instant feedback to see what I had taken, and the speed of digital lenses and cameras was necessary. Like everything else I have done and will do, photography is a work in progress and there is always room for improvement.

If I can bring to the viewer an awareness of the awesome beauty and spirituality inherent in the natural world that we all take for granted, then I have done my job.

## Presidents Message

There is so much to celebrate this month. Let us start with ***Happy Mother's Day!*** Take time to honor your mom and the moms who have shared their nurturing spirit with you. Everyone has not birthed a child, but the Auntie's of the world need to be reminded of the positive impact that they have made on you and/or other children throughout their community.

We are co-sponsors of the ***Bob Chiles Golf Tournament*** on Friday, May 6, 2022, at the Beaver Creek Country Club. A sold-out event, we are anticipating lots of fun playing golf and raising lots of money for Fisher House.

There is still time to join us for our ***Outstanding Volunteer of the Year Breakfast*** on Thursday May 12, 2022, at the Presidential Banquet Center. Come celebrate the outstanding volunteers who are

making a difference in their organizations and be inspired by our keynote speaker. Volunteerism is the bedrock of our communities because your organization fills the void that is needed to support those in need. Hope to see you there!

Don't forget that May is **Mental Health Awareness Month.**

Everyone needs support or knows someone who needs help at some time in their lives. Below is a link to a list of resources that was printed in 2016. Use it as a place to start when looking for resources to refer people for services.

Put our monthly one-hour lunch meetings (the third Wednesday of every month) on your Calendar and listen to speakers who can bring informative material to share with your membership. Join us on **Wednesday, May 18, 2022, from 11:30-1:00p.m. at the Dayton Woman's Club, 225 N. Ludlow St., Dayton, Ohio 45402.**

## Presidents Message

### *We Had So Much Fun Last Month!*

Our ***Outstanding Volunteer of the Year Breakfast*** was held on Thursday, May 12, 2022, at the Presidential Banquet Center. We had so many volunteers who were honored. Our keynote speaker was Associate Professor amaha sellassie, from Sinclair College who had a dynamic talk about volunteerism and what it took to manifest a dream of building a grocery store in a food-desert, Gem City Market. It was an educational discussion that inspired and empowered everyone to know that, as a community of volunteers, we can solve problems and make a powerful impact through our Club Associations and in the lives we serve. Thank you to our Chair, Belinda Huffman, Co-Chair Tony Massoud, Kathy Ballman-Parks, and other participants who helped make this breakfast a success.

We were co-sponsors of the ***Bob Chiles Golf Tournament*** on Friday, May 20, 2022, at Beaver Creek Country Club. It was a sold-out event, and we had so much fun. This was the first time my husband and I played in a golf tournament. We were hot, horrible, and challenged. However, we are all in for the next tourney, it was so much fun. ***Thank you*** to all of our supporters and member clubs who participated and helping us raise lots of money for Fisher House. Chair of this event, Holly Beard and her team did an outstanding job putting this outing together.

**Citizen Legion of Honor Award Luncheon**, Thursday October 6, 2022, at the Dayton Convention Center. We would like to thank you for your nominations. The deadline is over, and the nominations are closed. The Award Recipient will be announced next month. Thank you again for your participation

## Presidents Message

I hope everyone is enjoying their summer. It feels great to travel again, even though the B5 and B6 Variants are haunting us. Hopefully, everyone is vaccinated and boosted so that serious illness will not be a consequence of having this disease.

The front entrance sign to the Dunbar House  
NPS / Tom Engberg

Our field trip to the Paul Laurence Dunbar house last month was well attended, educational, and fun. What a wonderful opportunity for your organization to have a meeting at the visitor center around the corner on Edison Street and enjoy the exhibits there and tour the home. We had a great lunch and enjoyed our historical outing. If your club is interested in meeting there, contact Angela Stewart, Operations Lead for Dunbar 150. Click on the link and see the introduction of last month's meeting.

Our clubs/organizations were created to serve a specific purpose. Our featured speakers are invited to offer new, interesting, and exciting information that can benefit your members and enhance the quality of service that your club/organization can provide to the communities you serve. We all must grow and adapt to today's paradigms to maintain relevance and excite others to join your cause. If your President cannot attend the monthly meeting, send someone in your place. We are hoping that you will find the information relevant and interesting enough to invite them to your meetings.

One of our guest speakers this month is Chelsea Elliott of Somocom Lab. She is going to share her Emotional Intelligence Program called EQ Kids Crew. It is a program that is designed to teach kids how to identify their feelings and emotions and how to manage them. Her program has been featured in Parents Magazine, The Karen Hunter Show, Mental Health of Ohio and on the Today Show. She has a master's degree in Macro Social Work from Boston College and is a mental health advocate. The Today Show host agrees that this game should be relevant to adults also. Come and participate in a lively discussion and see how your organization can utilize this program as a benefit to the customer's that you serve, and family members.

Put our monthly one-hour lunch meetings (the third Wednesday of every month) on your Calendar and listen to speakers who can bring informative material to share with your membership. Join us on **Wednesday, August 17, 2022, from 11:30-1:00p.m. at The Dayton Woman's Club 225 N. Ludlow St. Dayton, Ohio 45402.**

## Presidents Message

It is September already. I hope everyone enjoyed their summer. Now it is time to get back to school, to work (unless you are retired), keeping up with kid schedules, grandparent duty overtime, planning for the many holidays that are coming up, planting trees, and putting out the Mums. There is always so much to do. Do not forget your vaccines.

Our clubs/organizations were created to serve a specific purpose. Our featured speakers are invited to offer new, interesting, and exciting information that can benefit your members and enhance the quality of service that your

club/organization can provide to the communities you serve. We all must grow and adapt to today's paradigms to maintain relevance and excite others to join your cause.

If your President cannot attend the monthly meeting, send someone in your place. We are hoping that you will find the information relevant and interesting enough to invite our speakers to your meetings.

Last month we had an interesting discussion from Chelsea Elliott of Somocom Lab, sharing her Emotional Intelligence Program called EQ Kids Crew. <https://www.somocomlab.com/>

Again, we are thinking outside the box. This month, we are going to learn about DAYTON LIVE, Your Home for Arts, Culture & Entertainment. Mike Rogers, Chief Development Officer, will educate us regarding the events happening at The Shuster, The Victoria Theatre, The PNC Arts Annex, and The Loft Theatre. There is so much opportunity for your organization to benefit from this information. The arts and entertainment inspire and bring happiness to us all. There might be a fundraising opportunity or a gift possibility for the community that you serve.

## **2022 Citizen Legion of Honor Award Recipient** ***Willis "Bing" Davis***

Honor this outstanding artistic legend by attending our annual Citizen Legion of Honor Award Luncheon, ***Thursday October 6, 2022***, at the Dayton Convention Center.

Put our monthly one-hour lunch meetings (the third Wednesday of every month) on your Calendar and listen to speakers who can bring informative material to share with your membership. Join us on **Wednesday, September 21, 2022, from 11:30-1:00 p.m. at The Dayton Woman's Club 225 N. Ludlow St. Dayton, Ohio 45402.**

#### *Willis Hoke "Bing" Davis*

Thursday, October 6, 2022, was an exciting and very special day for Willis Hoke "Bing" Davis. The program began is a Libation ceremony. The Africana Elders Council use this ritual as a way of remembering and honoring our ancestors, whose shoulders we stand on. KAWKUE Larry Crowe performed the ceremony.

He received proclamations from elected officials, Congresswoman Joyce Beatty, Congressman Mike Turner, Dayton Mayor Jeff Mims, and other State and local officials.

Turner has made Davis' legacy a part of the Congressional Record. What an honor. Davis spoke about his mother's influence in his life and living by her words "*always walk with dust on your shoes,*" which meant to be humble and know anyone else. Oh, but speakers, the 400 there was an renowned artist, were recounts of Schools (Cornell showed compassion leader was there also, Senior Pastor of Mt.

that you are no better than he is. The accolades from the tickets sold with every table full, outpouring of support for this activist, curator, teacher. There Davis' teaching in Dayton Public White High School) and how he for every student. His spiritual Rev. Dr. K Edwin Bryant, PhD, Pisgah Baptist Church in Dayton.

## *“Health is Wealth”*

Know Your Risk • Get Screened • Act

This is breast cancer awareness month. There is no one who has not been touched by someone who has or had breast cancer. This is the month where the emphasis is placed on understanding the warning signs of breast cancer, knowing your risk and what's normal for you. If there are any changes in your breasts, you can act, be you male or female.

The sad reality is that 1 in 8 women will be diagnosed with breast cancer in her lifetime. Another sad reality is that disparity exists in breast cancer treatments for rural and low-income people across the country. Also, disparity in treatment between Black and white women is still prevalent. Black women in the U.S. are about 40 percent more likely to die from breast cancer than white women. Education and advocacy are so important in all communities. With an emphasis on early detection, new therapies and targeted treatments, the mortality rate from breast cancer has been driven down and the outcomes are improved for so many people, men, and women.

Let us take time to remember the brave women and men who were lost to breast cancer and let us support those who are in the battle today. Let us celebrate those who are cancer-free and hope that they will share their journey and inspire others. And let us keep supporting the research through our financial support and community involvement.

Our guest speaker on Wednesday, October 19, 2022, will be Jenell Ross, President of Bob Ross Auto Group, and founder of the Norma J. Ross Memorial Foundation. There will be women there to discuss their breast cancer experiences. This is not just for women this discussion will include men and a medical professional.

**CIVITAN CLUB of Dayton** had postponed its celebration for the **One Hundred Years** Chartered in Dayton, Ohio, from last year due to Covid and finally celebrated September 17, 2022 at the Dayton Woman's Club at 225 N. Ludlow St, Dayton. Civitan Club President Brian Miller secretly arranged many of the details and did an Outstanding Job.

Brian hired a wonderful entertainer, Johnny D, who performed the evening with Frank Sinatra music, and I believe everyone thoroughly enjoyed themselves. The food was served by Rich Taste Catering and there was a silent auction of beautiful art pieces. Dennis Grant the Executive Director of United Rehabilitation Services won two of the three door prizes.

The biggest surprise was the announcement and presentation of a new **The Civitan Club of Dayton Award, The "Anthony Massoud Humanitarian Service Award"**. Tony received a beautiful Crystal Vase with those inscriptions. He was also presented with an award from **Civitan International for recruiting the 30<sup>th</sup> member sponsored into Civitan.**

For **One Hundred Years**, the **CIVITAN CLUB of Dayton** has given back to **Miami Valley** through widely known organizations, **United Rehabilitation Services (URS), The Victory Project, Building Bridges, Montgomery County Police Athletic Association (PAAL), and Choices in Living.** Civitan's participation in supporting these organization have positively impacted **(THOUSANDS) of individuals in Miami Valley.** Over the years, the Civitan Club of Dayton has participated in the URS Telethon, 10 years sponsoring the Civitan Quackers Event to help sell Ducks for the URS Duck Regatta raising Thousands of Dollars. Civitans worked with Choices in Community Living with The Dayton Elks Lodge # 0058 providing a meaningful annual event, grilling, and serving food and giving prizes to the Clients of **Choices in Community Living.** When the George Foster Home was functioning under **Building Bridges**, the Civitan volunteers re-landscaped the home on North Salem Street every year. **The Civitan Club** has helped with donations and promoting the services for these non-profit organizations.

In addition to supporting the local community, the **CIVITAN CLUB of Dayton** has made a tremendous impact throughout the world by supporting the organization's flagship project, the Civitan International Research Center at the University of Alabama at Birmingham located in Birmingham, Alabama. The Civitan International Research Center opened in 1992 and has since emerged as a world leader in the research and treatment of individuals with intellectual and developmental disabilities. <https://civitan.org/circ/>

## Presidents Message

Thanksgiving is upon us. This is a time to give Thanks for the harvest and the Blessings bestowed upon us this year. In reflecting on the year that the Presidents Club of Dayton has had, I am excited about the array of speakers who participated in our monthly meetings and us leaving the Zoom format and meeting in-person. We had speakers like Karen Via, of East End Community Services; Dr. Ronald Fletcher, with his wise medical advice on COVID-19; Former First Lady of Ohio, Hope Taft and Rebecca Victor, Executive Director of Little Miami Watershed Network spoke with us at our first in-person luncheon after months of being on Zoom. In April we were blessed to have Andrea Kannedy from Prevent Blindness Ohio (PBO); Local, genius photographer, Ray Mueller; and Edward Livesay, Founder, Mission Addiction; and Sheriff Rob Streck took time out of his busy day to meet with us.

We did something new and went on a field trip to the Paul Laurence Dunbar House, Angela Stewart, Park Ranger, and Project Manager for the Paul Laurence Dunbar Sesquicentennial, 150th celebration was our tour guide. We had a fantastic time.

Chelsea Elliott, Founder of EQ Kids Crew came from Columbus to speak to us regarding her game that teaches children (and adults) emotional intelligence and how to identify and manage their feelings. That game could change the world. Mike Rogers, Chief Development Officer for Dayton Live gave us insight into the world of entertainment that is offered at the various theatres in downtown Dayton. I immediately went online and bought tickets to the Charlie Parker Opera, “Yardbird” and thoroughly enjoyed it.

In October, we acknowledged Breast Cancer Awareness Month with a dynamic panel discussion with Janell Ross, President and CEO of Bob Ross Auto Group and Founder of the Norma J. Ross Memorial Foundation. Ross gave a beautiful presentation about the extensive work that her Foundation is doing in the fight against breast cancer. Dr. Alexis Myton, Internal Medicine who has shared COVID-19 information with us and Monkey Pox virus information in the past, shared great information about men and breast cancer and answered a wide range of medical questions. We also had local real estate professional and my colleague, Cora Diggs, walk us through her breast cancer survival journey of twenty years ago and her current journey of a new diagnosis. It was a very insightful discussion about men, women, and breast cancer.

Join us this month to hear a powerful story about how a Lebanese immigrant family came to America and what it took for them to assimilate into a new culture and achieve in foreign land. Abe Bassett, PhD. will share his Lebanese Heritage. There are many people who can relate to their family’s journey to the United States and how they established their citizenship. This is not a political discussion it is an interesting story. I am a “foodie” and love Lebanese food, so there will be a Lebanese pastry for dessert.

We will also have Jarrod Williams, Director of Leadership Giving for the Dayton Performing Arts Alliance. Williams will share with us their incredible \$5.00 ticket program. Great gift ideas.

### In-Person Lunch

Put our monthly hour and a half lunch meeting (the third Wednesday of every month) on your Calendar and listen to speakers who can bring informative material to share with your membership. Join us on **Wednesday, November 16, 2022, from 11:30-1:00p.m. at The Dayton Woman’s Club 225 N. Ludlow St. Dayton, Ohio 45402.**

## Presidents Message

The holiday season brings so much joy, excitement, and anticipation. This is an enjoyable time of year when people attend endless celebrations. Where people display thoughtful reminders of how we have appreciated each other's efforts throughout the year. Where gift giving is a major priority to family, friends, and strangers. Remember, you are blessed to be a blessing. Non-profit organizations ask for last-minute tax-deductible donations, monetary, goods, and

services. These requests are contributions that, if chosen wisely, can benefit our local communities. Think, not too long, about the end-of-year gift (s) you would like to make and get it done.

As non-profits that are essential to our communities, December is a great time to learn more about the people whom we serve. They are multi-ethnic, multi-racial, multi-faith, and multicultural. Join us for our last luncheon of the year, celebrating the wonderful diversity of our community. Our luncheon this month will have guests who are from the "*Women's Interfaith Forum of Greater Dayton*," and other individuals who will share their religious practices during the Holiday season in the month of December. Christians celebrate Christmas, Jews celebrate Hanukkah, what do other religious people celebrate during this time? Three of our speakers will be Kelly Johnson, an associate professor of Religious Studies at the University of Dayton; Bushra Shahid, from the Ahmadiyya Muslim Community and founder of the women's interfaith group; and Judith Wall from our Jewish community. To build a better community, we must respect, understand, and celebrate our differences. Bring a friend, an open mind, and your sweet tooth (you know I am a "foodie").

### In-Person Lunch

Put our monthly hour-and-a-half lunch meeting on your Calendar every 3<sup>rd</sup> Wednesday of the month and listen to speakers who can bring informative material to share with your membership.
