The President's Address:

I hope everyone had a wonderful Christmas and New Years celebration with family and friends! It's a time of year that seems to come and go way too quickly. But once it is past, I always look forward to the New Year...a new beginning. I hope you do too!

We can take advantage of this new beginning by developing a new outlook in our community service future adventures and projects. We need this year to be one of rebuilding and become even stronger in promoting community service. The Presidents Club board members will be participating in a "retreat" meeting the evening of January 19th. The topics will focus on ways the Presidents Club will improve methods of communication and help support clubs growth and upcoming events. A report of the outcome will be presented at the January meeting.

Community Service Club News:

The Dayton Exchange Club sponsored an event on January 13th that provided information about human trafficking in Ohio, a significant issue in Dayton. A special focus of the meeting was on how to protect our youth from traffickers. If you would like more information about this topic, go to the website www.daytonexchangeclub.org or contact Brother Donald Neff, President of the Dayton Exchange Club or call at 937-367-8357.

CARE House of Dayton needs dolls. CARE House, located across from Dayton Children's is our community's advocacy center for child victims of abuse and neglect. If you would like to donate dolls, you may deliver them to the Care House or bring to the January Presidents Club meeting and I can deliver them for you.

Please remember to send me your Community Service Club news including photos each month. I would like to share the wonderful things the club members are doing in their communities!

At The December Presidents Club meeting we did something out of the ordinary that upheld the season of giving. Our guest speaker Neil Webster, a Professional Auctioneer began his presentation by explaining 10 important ways to make a live auction a successful fundraiser. At the conclusion, Neil performed a live auction by auctioning off two Christmas wreaths and a basket of goodies (donated by Belinda Huffman) and a woman's hand crocheted edged scarf (donated by Terrelia Ogletree). In less than 10 minutes \$130 was raised! The funds by way of a drawing went to the Exchange Club of Brookville to support their project that provides prenatal care for women in third world countries with a high infant mortality rate. Thank you to all the members who participated in the bidding and Neil for providing an outstanding presentation! If you would like to invite Neil to present at your club meeting you may contact him at nwebster1@woh.rr.com or (home) 937-325-4024.

The next Presidents Club meeting is this Monday- January 23, 2012 at 11:45 AM at the Dayton Engineers Club on 110 E. Monument Ave. It is a buffet lunch with a cost of \$12.00/person.

Wow...this is the flower blooming, kite flying; take a stroll through the woods springtime weather during March and April that I remember having when a child! It has been wonderful! The sunshine and warmth has created an early job of cutting grass and weeding the gardens, but it also has given more motivation and "get-up-and-go" to participate in community service outdoor activities. One of these activities is on April 21st "Adopt-A-Park" Day to help clean up our metro parks. If your club has signed up, I will see you there! If not, be sure to add it to your calendar for next year. Also, this is perfect golfing weather so get out your golf clubs, brush up on your swing and join us at the MVMAA Golf Outing! See details below.

Everyday in the U.S. over 160,000 school children beg their parents not to send them to school all because they are being bullied. This leads to over 28 million "lost school days" each year. Over 90% teen suicides are linked to bullying. You can help support this cause by purchasing t-shirts at a low cost that will advocate this program at the same time sell shirts at your events at a price that will profit your club activities. OFFICIAL BULLETIN OF THE PRESIDENTS CLUB

DAYTON, OHIO

The President's Address:

We already have another month past us with a busy month ahead! It is these busy months that make the time seem to go so fast, but I would not like it any other way!!

I went to Michigan this past weekend for our Altrusa District Five Conference. I love attending conferences, for they always create motivation, enthusiasm and great ideas! I presented in a workshop titled "Growing Altrusans". The overall workshop was to learn how to grow membership and use a creative theme to provide membership initiations and orientations. Though many Altrusans expressed the same concern of losing members and even whole clubs, our International President reported there has been an overall increase in membership since our new branding took effect in August 2011! The members liked my idea of having a community volunteer day to promote volunteerism similar to a career day or hold it at a town festival. The Presidents Club Board members will discuss the feasibility of holding such an event here in our community.

I hope to see many of you at the MVMAA/PC Bob Chiles Golf Outing! And yes, I will be golfing with my Altrusa friends! Surely it will be a sight to see!!

Presidents Club Board Meeting Updates:

There is no Presidents Club Board report for this month's newsletter since the board will be meeting briefly at the golf outing.

Community Service Club News:

The Presidents Club "Outstanding Volunteer of the Year" award banquet is May 17th. Thank you all who have registered to recognize many deserving volunteers for their excellent contributions to our communities. We have a great program planned. *You must register to attend!!* If you have not registered and would like to attend, please contact Belinda at 974-2700 or *before May 14th.*

Soroptimist Club members that evening. They had two scholarship recipients and their families present to receive scholarship funds. I also was given the opportunity to share through a PPT presentation what the Presidents Club is and has to offer. It was a great evening of discovering and sharing!

I would like to make it my goal to come to each community club/organization's business meetings to meet your members, learn what you do and what your needs are along with introducing the Presidents Club. With my Altrusa President's obligations ending, you will be receiving a request in the near future.

You should have received a Citizen Legion of Honor application in the mail. If you have not, please email Millie Sadauskas at msadauskas@dacc.org. Please present this application at your business meetings so that all potential nominees are considered.

Presidents Club Meetings:

At the April Presidents Club meeting we had 3 guest speakers.

Allen Elijah, President/CEO of United Way presented the fact that there are more than 4,000 nonprofit organizations and government programs in our community and UW created a HelpLink 2-1-1 line for those in need to call and talk to a consultant who can help people find the services right for them. He stated, across Montgomery, Greene and Preble counties, people are coming together to join UW's efforts in the areas of education, income and health. By connecting volunteers and organizations, offering financial support and providing sustainable, core services, we aspire to strengthen our local community by advancing the lives of everyone. To learn more about UW's new "Education Impact Agenda" you can contact Allen at (work) 937-225-3060 or <http://www.dayton-unitedway.org/index.php>

Amy Famularo, Development Director of the Cystic Fibrosis Foundation- Greater Cincinnati/Dayton Chapter explained CF is a life-threatening genetic disease that affects the lungs and digestive system of about 30,000 children and adults in the U.S. (70,000 worldwide). In 1955, children with CF were not expected to live long enough to attend elementary school. Today, thanks to the investments by the CF Foundation in research and care, the median age of survival is more than 37 years old. Right now there is not a cure for CF. Locally the CFF supports the CF center at Dayton Children's. Great Strides is the CFF's premier event to raise funds scheduled for May 20th. To find out how you can get involved, you can contact Amy at (work) 513-533-9300 or afamularo@cff.org

The President's Address:

May flew by and June is not slowing down! However, I love this time of year of outdoor fundraisers, graduations, weddings, festivals and picnics with family and friends. I hope you are enjoying them too!

As for the Presidents Club's May events, The Bob Chile's Golf Outing and Outstanding Volunteer of the Year Breakfast were a big success. This is due to many wonderful volunteers and contributors in our communities....thank you! I do have to mention, I am not proud to have won the "Bent Golf Club Award" for being the worst golfer. But, I am proud for the first time getting on a golf course and trying my best! However, through perseverance and practice I have already significantly improved my swing. So watch out next year Jim Snyder's winning team!

I encourage all of you to "stop and smell the roses" especially this time of year with so much going on. But, not to come to a complete stop when it comes to volunteering! The Presidents Club board members agreed to keep our momentum going we will have summer business meetings this year. Please make note in your calendars the date and times of future meetings in the "Save the Dates" section.

Presidents Club Board Meeting Updates:

- Summarized the volunteer recognition breakfast and discussed the golf outing. The board felt the operations of the breakfast registration and day of the event was the best so far. The golf outing details were not ready to present, but the board had only one suggestion to decrease the number of presenters.
- The board meeting attendance policy will be reviewed since the time change has made it difficult for some of the members to attend.
- Potential candidates for new board members and president-elect were identified and will be contacted.
- The treasurer stated the annual club membership invoices were sent out in April with half of them returned
- The webmaster is waiting for member club presidents to send their club's information to be added to the website.
- CLOH voting for award recipient and sponsorship assignment scheduled for June 22.
- Board agreed to have a July business meeting.

Community Service Club News:

The Presidents Club "Outstanding Volunteer of the Year" award breakfast May 17th. Thank you to all who came to recognize 33 deserving volunteers for their excellent contributions to our communities. A total of 126 attendees came and enjoyed a great program. Vicki Giambrone, VP, External Relations at Dayton Children's was our guest speaker. She is an amazing speaker and asset to our community! Vicki spoke on how volunteerism positively impacts Dayton Children financially. She gave a testimony of one of their volunteers who stated "I volunteer here because I get back more than I give." Empirical research shows as a volunteer: college student's grade point average improve, career ideas change; networking leads to employment opportunities, women are more prestigious, have greater sense of confidence in her job; feel more trusting and nicer; develop strong positive bonds; builds character; keeps youth out of trouble and have better positive physical and mental health. Vicki stated, "Volunteering clearly shapes our outlook, helps us develop friends, build skills and grow our confidence. It allows us to be a part of something bigger than ourselves, and allows us to make a difference in the world. And that feels so good." So again, thanks to all the Outstanding Volunteers that were recognized that morning for wonderfully giving to our communities!!

I have been invited to attend Twentig, Inc. (reschedule) and Huber Heights Rotary Club meeting on July 9th. Thank you for being the first two to extend an invitation.

The President's Address:

Wait a minute....where did June go? Did I miss July? The weather is unbelievably like August! Unfortunately, it put a damper on early July family and holiday events, as I know many of you lost power and incurred property damage. I did too. But, hopefully everyone escaped physical harm.

So, so much for the advice to "stop and smell the roses" since most of the roses have not survived the heat and draught...ugh. But, please do not come to a complete stop when it comes to volunteering! The Presidents Club board members agreed to keep our momentum by having a July business meeting this year. Please make note on your calendars the date and time of the meeting and of our future meetings in the "Save the Dates" section.

- The webmaster continues to add additional information to our website and is still waiting for member club presidents to send their club's information to be added to the website.
- CLOH voting for award recipient took place with a most deserving recipient selected. The honoree will be announced at the business meeting.
- Club president has been invited to two civic club meetings to introduce the PC to the members.
- Continuing to update contact information from membership renewal/membership fees so we can complete the electronic means of communication.
- Future business meetings, how to structure them, increase membership attendance and recruit board members is our main focus.

Community Service Club News:

The President's Address:

It is hard to believe summer is half over with people ending vacations and preparing for their children to go back to school in a couple of weeks, along with starting late summer/fall sport activities. Many businesses fiscal year ended in June; therefore new goals set to begin now as well.

It can become very hectic in the month of August. So prepare by strategically planning your obligations so you can keep the commitment to your community service club or organization activities too. Remember, it takes each and everyone to participate actively to be a prosperous community service club/organization. Presidents, have your club's strategic plans documented and members fully aware of responsibilities in advance. Planning reduces stress, under commitment and errors!

Presidents Club Board Meeting Updates:

- The treasurer reported there are 9 outstanding club membership fees, \$1000 bill for 4 months of website development will be paid to Michael Leibold, webmaster and the roster for club contacts has been updated/membership renewals. PC account balance is about \$5000, not including the golf outing check for \$1380.
- The board members were asked to call their assigned club presidents to remind them to, if not already done, renew membership, schedule a Presidents Club board member to present at their business meeting, encourage one representative/club to attend the Presidents club business meeting and the CLOH event and identify at least one club past president to be a candidate for PC board member.
- The PC website was reviewed with recommendation of being able to create surveys. *Please see additional activities available to all clubs through the PC website in this newsletter.
- The President has been invited to present at Twentig Club, Inc. meeting in September.
- Future PC business meetings will continue to have 2-3 five minute speakers and one club representative presenting their club's mission and vision.
- Discussed opportunity to assess members' expectations of PC business meetings to increase attendance. The average attendance of club representatives is half of the 32 member clubs. Our goal is to have a minimum of one person/club come to the meeting.

Community Service Club News:

CLOH. Phil Parker, DACC along with Presidents Club board members and past CLOH recipients met with the very worthy award's candidate, Marvin Olinsky during a luncheon at the Dayton Racquet Club. Marvin was very surprised, speechless and honored to accept the offer to be the recipient of the CLOH award. There will be an article in Dayton Daily News to announce the award, date TBA. The plans for the award reception and presentation luncheon on October 11th at the Dayton Convention Center are underway.

Club visits. I, Belinda presented at the Brookville Kiwanis Club business meeting on July 19th. It was an amazing meeting with an article highlighting the meeting events in "The Brookville STAR" on July 25th. The article provided details of what occurred at the meeting. The members met at the Singer's Restaurant and Catering (highly recommend their chicken salad croissant and peanut butter pie!). President Lori Pheanis welcomed everyone followed by first verse of "America" sung by all, pledge of allegiance and the invocation. Member Ed Winters presented to Rollin Furnas, a Past Lieutenant Governor of Division Four the Ruby K pin with number "30" on it. It represents sponsoring 28 chartered members of the Dayton Breakfast Club and two members to the Brookville club. Rollin, well done and congratulations in receiving the pin!! Before adjourning, President Pheanis presented me with a certificate of appreciation and a Kiwanis Club pen. The Kiwanis Club of Brookville sponsored a community picnic at the Golden Gate Park July 27-28th with a Ring Toss booth as the fundraiser. I'll have to find out the amount raised....love to play Ring Toss!

Presidents Club Meetings:

At the August meeting we had four great guest speakers:

Ray Girard, Public Affairs Officer of the Miami Valley Young Marine. Mr. Girard presented the National Young Marines organization that provides quality youth development for ages 8 through HS Seniors. It effectively disciplines the students in giving back to, preparing for and producing in their communities through learning positive citizenship values, pursuit of community service and a structured Drug Demand Reduction education program. This program benefits the youngsters in their charge, combating destructive influences before they can take root. You can contact Ray at Cell (937) 657-7813 or raygirard@earthlink.net.

Gunnery Sergeant Kitchens is the MV coordinator for the Marine Corps "Toys for Tots" campaign, which gathered 19,000 toys and distributed them to 9,339 needy children last year. They conduct other awareness and fundraising activities such as golf tournaments and foot and bicycle races. This campaign takes a great amount of space to store and time to sort all the donated toys. The excellent coordination of this program made Gunnery Sergeant Kitchens a finalist for the Marine Corps wide Toys for Tots Coordinator of the year. Both of these gentlemen have received honorable awards throughout their lifetime, too many to mention in this newsletter. Contact Gunnery Sergeant Kitchens at (937) 257-0300 or anonio.kitchens@usmc.mil

Al Harmon, AAFI, LLC of Americans for Financial Independence. Al's program is to help individuals reach their financial goal. He works with people in creating a budget to be able to clear their debts and purchase their desires. This is accomplished through a positive mind set and not using tools (loans, credit cards) to own. Al challenged everyone to take the first step in the program by tracking every penny spent in a month. Contact Al at Cell (937) 623-3246 or alharmon@allmail.net

Phil Plummer, Chief Deputy of Montgomery County Sheriff. Phil provided statistics on Montgomery's crime rate. He runs the jail with 30,000 inmates, 30% diagnosed with mental health disorder. There are 79 gangs in Montgomery County with 4 people or more constituting a gang. Though shootings have declined, the drug task force is hard at work in drug busts with the recent one of \$600,000 cash. Where there is DMHA housing there is a huge drug issue. The Police Athletic League raised \$20,000 to support kid's programs such as STAR (Students Taking a Stand) against bullying. Phil expressed a need for more resources to help. Contact Phil at Work (937) 225-4192 or plummerp@mcchio.org

Next business meeting is September 20th at 7:30 AM at the Dayton Masonic Center with a Breakfast Buffet at a cost of \$10.00/person. The President's Address:

No, my volunteer friends, I did not forget you! The month of October was consumed of many job related commitments and my own club's annual fundraiser event, along with the successful CLOH Luncheon and an incredible journey to Rhode Island to meet my late husband's heart recipient! I hope to share with you, me and my daughter's incredible experience through a blog and/or conversation soon. Then with storm "Sandy" and keeping up with the elections, like a lightening strike October 2012 was over. But, with another year of serving as president I made it a priority to meet with the club officers to determine our 2012-13 strategic plans. It's going to be a great year working with an enthusiastic group who has the attitude and ambition of "let's do it"!

Presidents Club Annual Retreat Board Meeting Updates:

The PC officers met on November 1st to determine the following strategic plans for 2012-13.

- Methods of communication

- Continue to enhance PC's website to include ability to register for events, create surveys and add information such as the "speakers list". Assist any clubs in creating their own website. Load all pictures to website that will link to "snapfish" so all clubs can print pictures of events, members, etc. Establish the website as a communication tool among the clubs.
- Newsletters will be sent out electronically to the past and current presidents and a club representative. They will be reminded to forward it to their members. The newsletter content will be the same but brief. Members will refer to the website for details. The newsletters will continue to be sent out by mail to past and current presidents or club representatives without access to email or website.
- The president will limit additional emails to the list of presidents and representatives throughout the month to only quick meeting reminders or urgent alerts.
- The PC officers have been assigned clubs to contact by phone on a routine bases each month. It will be a brief reminder of meetings, events, activities and to gather updated information and answer any questions. They will also arrange to come to one of your business meetings to present and get acquainted with your members. This will give an opportunity for your members to ask questions as well. Our goal is to have all club visits completed by July 2013.

- Calendar of events.
 - Bob Chiles Golf Classic-MVMAA/PC fundraiser May 10, 2013 at WPAFB golf course.
 - Volunteer of the Year Recognition Breakfast May 16, 2013 at the Presidential Banquet Hall.
 - Citizen Legion of Honor Luncheon October 3, 2013.
- Projects for 2012-13
 - Survey member clubs to assess what they would like the PC to pursue.
 - Create welcome/informational packets for club visits and non-member community clubs and organizations.
 - Develop a recognition program for immediate past and current presidents of clubs that will occur two to three times per year when clubs change officers during the business meetings.
 - Sponsor a youth and/or employee volunteer recruitment fair with each club represented.
 - Assist all member clubs to raise funds for their club with participating in the North American Power fundraiser through the Presidents Club.

The PC officers have much to accomplish. Please help us to meet our goals for the year through active participation, input and the idea of “let’s do it”!

Community Service Club News:

December 2012 Newsletter

Hello everyone! I know you are hustling and bustling to meet the deadlines for fun holiday activities with family and friends. I also know you are doing the same for your community service holiday festivities. Altrusa Club of Dayton's Christmas party for the children at Dayton Christian Center was fantastic. To see each child's expression sitting on Santa's lap was worth all the time it took to prepare and provide! We would love to hear what your club did for the holiday season. Please send for the next newsletter. We are examples of Christmas not being about getting, but all about giving through our community service. Be sure to take time to relax and remember the true Reason for the Season!
