Organization Speaker Programs - Community Information Leaders

To support our PCoD members and the public, this section provides a list of area information leaders, whether they be not-for-profits; elected officials and/or specific topic experts. These individuals, if contacted, may make themselves available to speak at club meetings or special events and share important programs, projects, issues or topics with audiences about our community and perhaps where additional volunteer leadership can play an important role in the success of these programs.

This list may change from time to time to keep it updated. But it is a great reference guide to many areas of arts, social services, business, government, and education in our community.
