Presidents Message

The Presidents Club of Dayton is bringing you an overly exciting topic this month. Our speaker will introduce us to "Dayton Serves." You will learn about the myriad of non-profit organizations that exist right here in Montgomery and surrounding counties. From interests in Animals, the Arts & Culture, Disaster Relief, the Environment, Health, Social Justice & Equality, Veterans & Military Families and so much more. There is amazing work being done in our back yards and Alan Schussheim will bring this exciting information.

I am proud and excited about February being *Black History Month*. This month is exciting to me because it gives all American's the opportunity to learn about the many contributions that Black Americans have made to benefit our everyday lives. The number of these inventions is so vast, and the significance so great, that I cannot put it all in one newsletter. Celebrate with all Americans! My own cousin, Garrett Morgan invented the Traffic Light. Here are a few unsexy, and uncelebrated, yet necessary inventions that you might not have known were invented by Black Americans.

- Moderna COVID-19 Vaccine 2020, Dr. Kizzmekia Corbett (1986-Present)
- Automatic Elevator Doors 1887, Alexander Miles (1838-1918)
- Improved the Ironing Board 1892, Sarah Boone (1832-1904)
- Refrigerated Trucks 1940, Frederick McKinley Jones (1893-1961)
- Three-Signal Traffic Light 1923, Garrett Morgan (1877-1963) He also upgraded the Sewing Machine and created the Gas Mask
- Central Heating Furnace Using Gas 1919, Alice H. Parker (1885-1920)
- Mailbox 1891, Philip B. Downing (1857-1934) invented the "street letter box," the predecessor of the mailboxes today
- Video Security System 1966, Marie Van Brittan Brown (1922-1999)

Outstanding is outstanding. People are people, and we all have a part to play in making our humanity great. Dig deep and learn more about the contributions of Black Americans and let us value all Americans.

We are still fighting COVID-19, the Omicron and Delta variants. Because the numbers projected for the month of February are so high (hospitalizations, sickness, and death) we will continue to meet on Zoom until further notice. Hopefully, we can break bread together next month. It might be too risky to meet in person at this time. Zoom has been a wonderful platform for us to meet and share information. So, join us, we have a full agenda for our February meeting, and you will find it well worth your time.

An Evite will be sent out with the Link to the Zoom meeting. Hope to see you there. Zoom link is at the end.

We must be patient and do essential compliance (wearing masks, social distancing, washing our hands often, staying home if you are sick, and utilizing the vaccines). That is what we can do until all are vaccinated, and this virus and or variant(s) are alleviated.

Put our monthly one-hour lunch meetings (the third Wednesday of every month) on your Calendar and listen to speakers who can bring informative material to share with your membership. Subscribe to our monthly newsletter and submit any flyers and information you

Organization Speaker Programs - Community Information Leaders

To support our PCoD members and the public, this section provides a list of area information leaders, whether they be not-for-profits; elected officials and/or specific topic experts. These individuals, if contacted, may make themselves available to speak at club meetings or extraordinary events and share important programs, projects, issues, or topics with audiences about our community and perhaps where additional volunteer leadership can play a key role in the success of these programs.

This list may change from time to time to keep it updated. But it is a great reference guide to many areas of arts, social services, business, government, and education in our community.
